

Task #1: Simple Mensuration

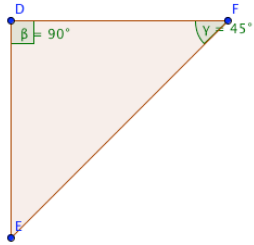

Warm-up

1.

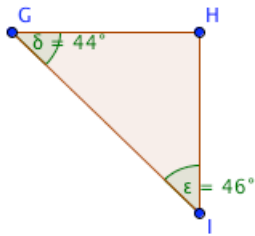

How much is angle ABC?

2.

How much is angle DEF?

3.

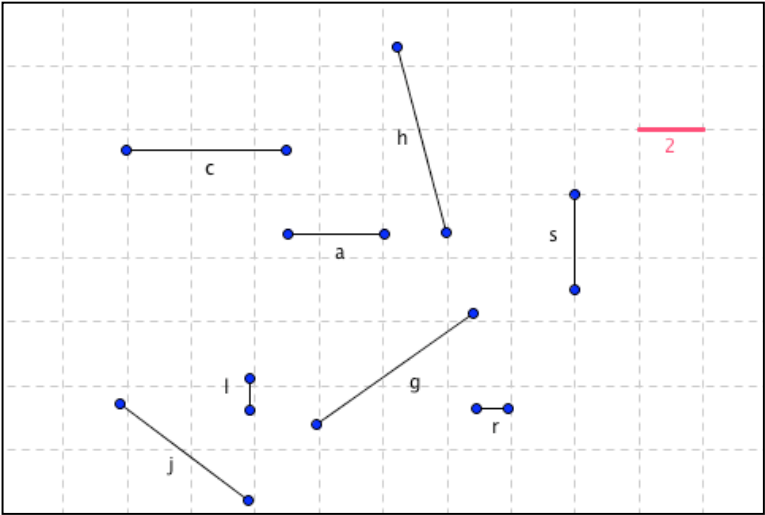

How much is angle GHI?

Mensuration

Find the measure of each of these segments:

- a =
- c =
- g =
- h =
- j =
- l =
- r =
- s =

Conceptual

4. Draw a short line segment. Label this segment as 1 unit. Now draw another line segment that is 7 units long.

5. Why might it be useful to think of segments in terms of a number of units?

Common Measure

For which of these segments is 2 a common measure?
